WORKING TITLE	[Name this creative idea]
1 AWARENESS	Problem-aware - viewer knows the problem, not the solution.

3 FORMAT	UGC video / [target duration] / [aspect ratio] / [placement]
4 HOOK	“A hand taps a summer electricity bill on the table: ‘I’m not turning off the fridge or making the apartment unbearable to figure this out.’”
5 BODY / BRIDGE	See the message sequence on page 2. Preserve the progression from household problem to solution to product and offer.
6 CTA	[Approved final call to action - to be written]
